

# ETHAN ALLEN®

*—the interior design destination—*

WE DESIGN IT. WE CRAFT IT.

WE DELIVER IT.

# Collaborate with a designer at any Ethan Allen location

NEW YEAR'S RESOLUTION:  
**start with  
one room**

and experience the transformation  
only an interior designer can deliver.

## Start with an inspiration board.

Bring images that inspire you, unique design challenges—whatever you think your designer needs to know. They'll suggest a unique mix of fabrics, finishes, and ideas just for you.

## Make every detail perfect.

Together, you'll create a floor plan, personalize your furniture with custom details, and find your favorites within our lighting and accents studios.

## Bring your new design to life!

Your designer will work behind the scenes to make delivery day feel like a dream come true.

Meet with them online, at home,  
or in a Design Center—their services  
are always complimentary.

A 3D room plan adds a tangible step between imagination and reality. You can feel confident that you're making the right choices before you order.

# See the future of your home in state-of-the-art 3D

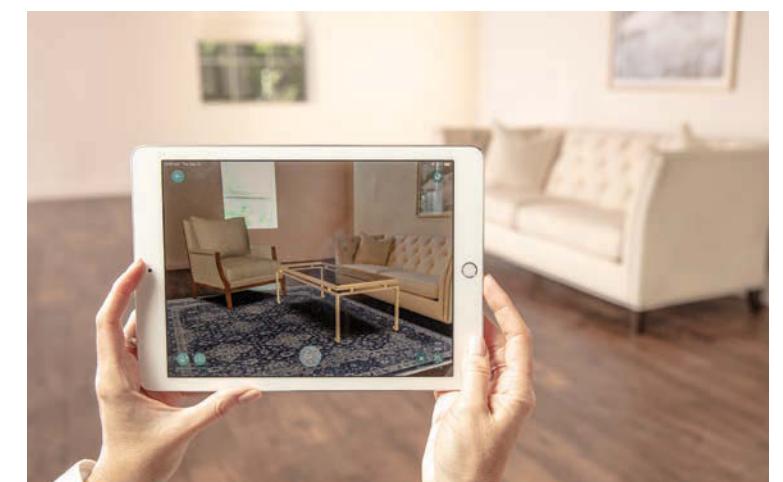

## Get every detail right, from furniture to lighting and rugs.

Will that sofa, chandelier, or table look good in your home? Does your new dining room coordinate with your existing living room? With our 3D room planner and an interior designer by your side, you eliminate the guesswork.

## See how everything fits and flows from room to room.

Your designer will show you a fully furnished 3D rendering of your project and take you on a virtual tour. When you place your order, you'll know you've made the right decisions—together.

## Are you more of a DIY person? Start at home.

Try our online 3D room planner or download the EA inHome® app to generate ideas for your project. Your designer's help is just a click, email, phone call, or visit away.

# WE TAILOR IT

*every piece of upholstery,  
made in North America*

Years ago, we watched other furniture companies move their production overseas. We chose to stay right here in North America and keep making most of our furniture ourselves.

**Every upholstered sofa, sectional, chair, or bed you buy from Ethan Allen is tailored by hand—**in the fabric or leather you love, in the size that fits your space, and with the finishing touches chosen by you and your designer.

For almost a century, we've made good on our belief that the finest things in life are found closest to home. That's why we're proud to make about 75% of our products—including all of our upholstery—in our own North American workshops.

# WE CRAFT IT

*for quality you can count on,  
year after year*

ORLEANS, VT

Custom wood furniture: It's how our legacy of legendary craftsmanship began, a legacy we've kept alive in North America for almost a century.

We start with sustainably sourced wood, much of which comes from Appalachian forests. We dry lumber in our own kilns, recycling wood chips and sawdust to power the boilers that keep the kilns hot.

Once the wood is ready, we go to work, assembling planked tops, turning legs and posts, and applying every finish, every piece of leaf, and every strip of wood veneer by hand.

**The result: something designed to be part of your family for years to come, and one of the most beautiful pieces of furniture you'll ever own.**
