# MODERN DESIGN

*classic perspective*

How would it feel to open your door, look around your home, and say "I love it here" every day?

At Ethan Allen, our craftspeople and interior designers have one goal: to turn your wishes into beautiful reality.

# A REAL RETREAT

Cozy seating and ample storage make the most of a wide open floor plan. Our modern Arya poster bed, finished in Charcoal, adds both scale and drama.

## A WARM WELCOME

The hand-planked top of our Cameron table, and the cozy plaid on our Thomas chairs, give this modern dining room a generous, comfortable soul.

# A BROADER VIEW

A workspace and conversation space merge to create a modern design moment. The textured global print on our Harley lounge chairs brings the whole world home.

# HAVE YOUR HOME DESIGNED BY ETHAN ALLEN

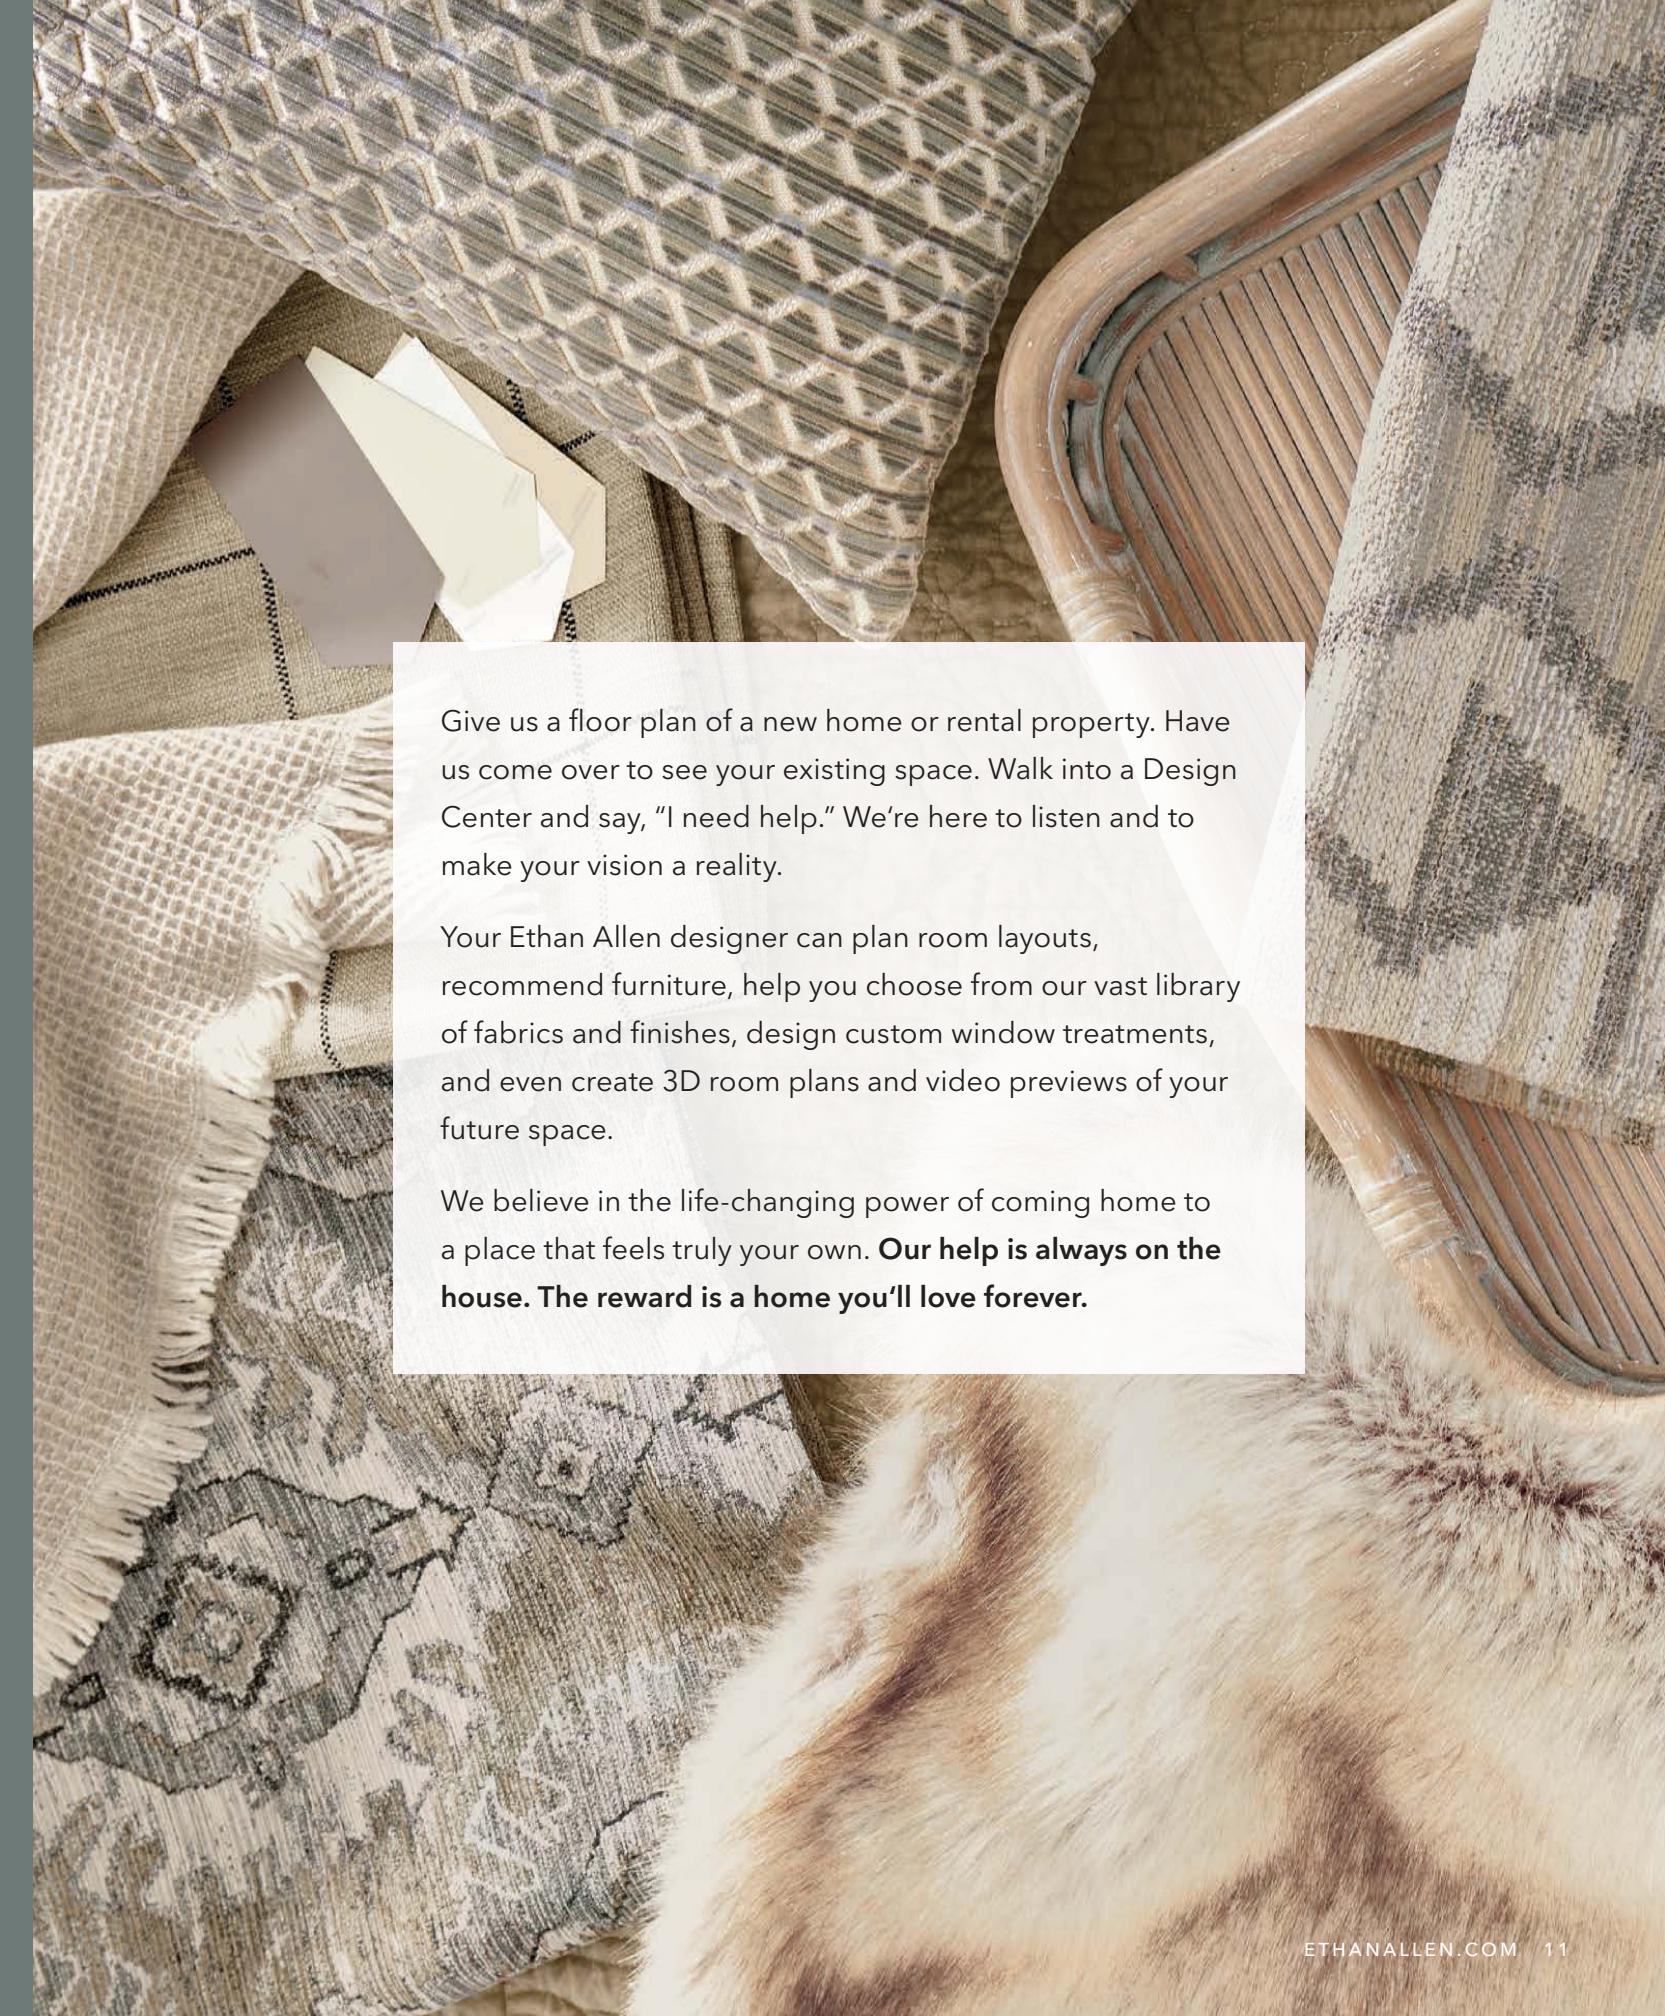

YOU DESERVE TO LIVE IN A BEAUTIFUL ENVIRONMENT SURROUNDED BY EXCEPTIONAL FURNITURE. THAT'S WHY WE INCLUDE COMPLIMENTARY DESIGN SERVICE WITH EVERY ETHAN ALLEN EXPERIENCE—NO HIDDEN FEES, NO CATCHES.

Give us a floor plan of a new home or rental property. Have us come over to see your existing space. Walk into a Design Center and say, "I need help." We're here to listen and to make your vision a reality.

Your Ethan Allen designer can plan room layouts, recommend furniture, help you choose from our vast library of fabrics and finishes, design custom window treatments, and even create 3D room plans and video previews of your future space.

We believe in the life-changing power of coming home to a place that feels truly your own. **Our help is always on the house. The reward is a home you'll love forever.**

# CLASSIC DESIGN

*modern perspective*

The forms are timeless—our Bridgers English-arm sofa, our Timlyn wing chairs—while the fabrics mix the playful, the global, and the traditional for a one-of-a-kind result.

## A SOCIAL SCENE

This fabulous space for formal fetes is overseen by the distinctive Zayne buffet, with its hand-applied, art deco-inspired primavera veneers.

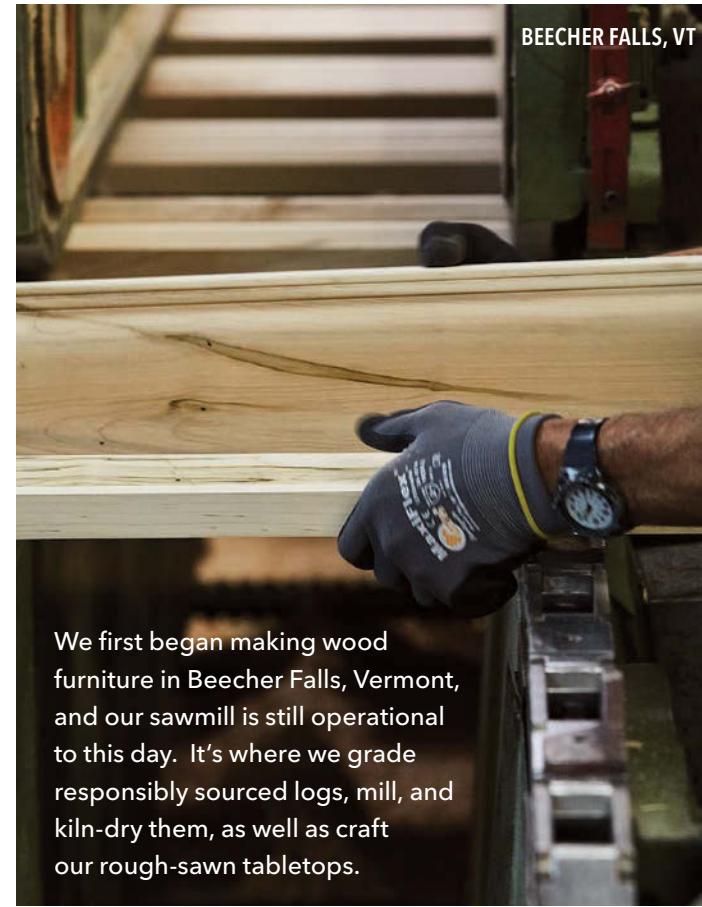

## A GORGEOUS GETAWAY

The Woolson bed, layered in mix of crisp hotel-inspired bedding, satiny coverlet, and plush faux fur, forms a rich center within a delicate, porcelain-inspired palette.

# 93 YEARS OF SETTING THE STANDARD FOR QUALITY

AS WE OPEN OUR 93<sup>RD</sup> YEAR IN BUSINESS, WE CELEBRATE THE CRAFTSPEOPLE WHO SAFEGUARD OUR REPUTATION FOR QUALITY AND THE NORTH AMERICAN WORKSHOPS WHERE ABOUT 75% OF OUR FURNITURE IS MADE.

We first began making wood furniture in Beecher Falls, Vermont, and our sawmill is still operational to this day. It's where we grade responsibly sourced logs, mill, and kiln-dry them, as well as craft our rough-sawn tabletops.

Our Silao, Mexico, workshop specializes in genuine leather upholstery, working with artisan-dyed hides and precision-cutting and color-blending each piece.

In Orleans, Vermont, we use the wood milled in Beecher Falls, precision-cutting some of our most popular pieces before assembling them and finishing them by hand.

In Maiden and Claremont, North Carolina, we hand-tailor fabric upholstery and craft exposed wood upholstery frames by hand.

At our wood furniture workshop in Honduras, we craft a wide range of furniture, specializing in pieces that require detailed wood carving.

# INTERIOR DESIGN

## *with the future in mind*

Carmen Caceres's journey as an interior designer began when she worked as a set decorator on films and in TV series. **"I saw the happiness on people's faces that came from having a home that's beautiful and comfortable,"** she says. "I wanted to create rooms that went on forever instead of rooms that were taken down after a show ended."

Although she creates designs for any style sensibility, many of Carmen's clients define "beautiful and comfortable" as modern and effortless. **"My clients have hectic schedules and hectic lives, so they want something peaceful and minimalistic at home. I try to think about what their needs are now as well as five and ten years from now."**

By gearing clients toward neutrals, particularly with large investment pieces, Carmen creates **a design base that they can build upon for years to come.** She brings in color and texture in textiles and accents; when clients' needs change, they can switch up those items without switching out their furniture.

Ethan Allen designers like Carmen can set the scene in your home for both the here and now and the years to come. **Start designing the future of your home—book a complimentary design session today!**

As a designer in New York City, Carmen works with both large, open floor plans and snug, multipurpose studios.

**"The key is function—what activities will take place in the room—whether I'm filling a large living area with seating or combining a living room, dining room, and home office into one 20-foot room."**
